

GRADUATE STUDENT HANDBOOK

2019-2020

GRADUATE PROGRAM IN PHYSICS AND ASTRONOMY

September 2019

WELCOME MESSAGE

Welcome to the Graduate Program in Physics and Astronomy at York University. This handbook provides most of the information needed by new graduate students, so that you can rapidly orient yourself to the program environment. It will also be useful as a reference document as you pursue your graduate studies here.

We would appreciate your comments about the usefulness of this booklet and how it can be improved in the future. We would also like to thank everyone who has contributed to this handbook so far.

Best wishes for a productive and enjoyable journey through your studies here!

Tom Kirchner
Graduate Program Director (GPD)
Office: 228 PSE
Tel: 416-736-2100 x33695
Fax: 416-736-5516
phasgpd@yorku.ca

Cristalina Del Biondo
Graduate Program Assistant (GPA)
Office: 125 PSE
Tel: 416-736-2100 x20604
Fax: 416-736-5516
gradphas@yorku.ca

RESEARCH AREAS AND FACILITIES

The Graduate Program in Physics and Astronomy focuses on a wide range of study and research in the following areas:

- Astronomy & Astrophysics
- Atomic, Molecular & Optical Physics
- Biological Physics
- Chemical & Condensed Matter Physics
- Earth, Atmospheric, Space & Engineering (Planetary Physics)
- High Energy & Particle Physics

The research is carried out in modern laboratory buildings. The Petrie Science and Engineering Building (PSE) houses the Department of Physics and Astronomy. It is well equipped with research support facilities, such as stores (PSE 002), a machine shop (PSE 006), drafting and photography facilities, an electronics shop (PSE 018A), a glassblowing shop (PSE 016) and, of course, numerous powerful computing facilities. The Steacie Science Library is located just east of PSE.

WHOM TO SEE ABOUT WHAT

Question About?	Name	Office	Telephone/Email
Emergencies (Ambulance, Fire, Police)			911
On-campus Security, URGENT	Security Control Centre		33333 or 416-736-5333
On-campus Security	Security Control Centre		58000 or 416-650-8000
Student Security Escort Service	York goSAFE Program		416-736-5454
Network connection, computer advice and accounts	Jamshid Bahramian, Juan Lemus	322 Lumbers	30758/fscits@yorku.ca

GENERAL INFORMATION

The information in this handbook is supplementary to that found on the [Faculty of Graduate Studies \(FGS\) website](#) and the [Program website](#). New students should familiarize themselves with the FGS policies and procedures, which can be found [here](#). In particular, please review the [Code of Student Rights and Responsibilities](#) and the [Senate Academic Honesty policy](#) regarding cheating, plagiarism, impersonation, improper research and publication practices, etc.

Students are advised to follow registration dates and Program and Faculty deadlines. In addition, please inform the Graduate Program Assistant of any changes in status or study plans in order to ensure that the correct procedures are followed to avoid administrative havoc in the future.

Students should frequently check their YorkU email for important announcements and deadlines, scholarship notices, bursary applications, etc. If applicable, the mailboxes located outside 211 Petrie Science Building (PSE) should also be regularly checked for notices and other program information.

2019 – 2020 IMPORTANT DATES

Please refer to the following website for information on all the important dates for the Faculty of Graduate Studies:

<http://gradstudies.yorku.ca/current-students/student-status/important-dates/>.

Important Departmental dates will be sent to you by email from the Graduate Program Office.

ORIENTATION

FGS orientation website:

<http://gradstudies.yorku.ca/incoming-students/orientation/>

An orientation session for Physics and Astronomy students was held Thursday, September 5, 2019, 11:00 am -12:00 pm in PSE 317. The slides shown by the GPD can be obtained from the Graduate Program Office.

The following online courses are mandatory before starting your TA duties:

Health and Safety orientation (first module only):

<https://moodle.yorku.ca/moodle/course/view.php?id=36422>

Electrical Safety Awareness

<https://moodle.yorku.ca/moodle/course/view.php?id=66126>

WHMIS I:

<https://moodle.yorku.ca/moodle/course/view.php?id=113973>

Laser Safety (held in-class)

REGISTRATION PROCEDURES AND DEADLINES

All graduate students must register for the fall, winter and summer terms (except for coursework students who normally only register for fall and winter). All students require permission to register in courses.

REGISTRATION DEADLINES:

<http://gradstudies.yorku.ca/current-students/student-status/important-dates/>

All students expecting to receive an assistantship must register Full-Time by the deadlines. Students cannot get paid until registration has been completed.

Graduate students are required to register in each term until the completion of their degrees as either a full-time or a part-time student. Please note that dropping courses does not automatically indicate that a student has withdrawn from the program. In order to withdraw from the Faculty of Graduate Studies, students must submit a letter to the Graduate Program Office. The effective date of withdrawal is the date the letter is received.

Students should consult with their supervisor before selecting and enrolling in their courses. M.Sc. coursework students should meet with the Graduate Program Director (GPD) for advising. **Students wishing to drop a course require permission from their supervisor (GPD for coursework students).**

Students may seek approval to take up to one full graduate course outside the Program or to take a Reading course. Requests to take a course outside York University can only be granted in very special cases. More information about these possibilities can be obtained from the Graduate Program Office (125 PSE).

WHAT'S NEXT?

York Identity Cards: YU-cards can be obtained from the YU-card Office in 200 William Small Centre. For more information, visit <http://www.yorku.ca/yucard>.

Email Policy: To activate your YorkU email account, go to:
<http://myonlineservices.students.yorku.ca>

FORMS

Some of the forms you may need to submit at various stages of your graduate career can be found at

<http://gradstudies.yorku.ca/current-students/student-status/forms/>,
<http://gradstudies.yorku.ca/current-students/student-finances/forms/>
<http://gradstudies.yorku.ca/current-students/thesis-dissertation/forms/>

and [here](#).

FEES

Graduate fees are calculated according to a student's program and full-time or part-time enrolment status. Fees are not calculated on a per-course basis.

Fees are based on three terms of full-time study from September through August. For more details and information about supplementary and additional charges, please visit <http://sfs.yorku.ca/fees/courses/index.php>. Information about the Student Choice Initiative and the opt-out process for supplementary fees is given [here](#).

Fees Paid by an Employer, Government or an External Agency (Third Party Billing): If your tuition fees are being paid directly to the University by a third party (e.g., employer, government, Embassy, etc.) you must submit your sponsorship letter to the Office of Student Financial Services (for contact information, visit <http://sfs.yorku.ca>) immediately following registration. Please note that you are still responsible for all charges on your student account, and late charges or other sanctions will apply if the account is not settled promptly. Your account will not be credited until payment has been received.

Graduate Students who have an outstanding financial debt to the University of \$1,000 or greater will be blocked from registering. If this is the case, students are strongly encouraged to pay down their debts or speak with someone in the Student Affairs Office of the Faculty of Graduate Studies (230 York Lanes) before the beginning of the term PRIOR TO the registration deadline.

REFUND TABLES

Students are responsible for tuition fees in all terms until completion of all degree requirements, including submission of the final thesis or dissertation copies to the Faculty of Graduate Studies. Graduate fees are calculated according to a student's program and full-time or part-time enrolment status. Fees are not calculated on a per-course basis. A student who withdraws from FGS may receive a partial fee refund. Fee

refunds/credit calculations are based on complete withdrawal from a term, not withdrawal from an individual course. In order to withdraw from the Faculty of Graduate Studies, students must submit a letter to the Graduate Program Office. The effective date of withdrawal is the date the letter is received. Withdrawal dates and refund amounts can be found at the following link: <http://sfs.yorku.ca/refunds/tables/>.

Please note that students must first satisfy the requirements of paying for the minimum number of terms for their particular program of study before any refunds will apply. M.Sc. students must pay fees for a minimum of 3 terms of full-time study (or 6 terms of part-time study). Doctoral students must pay fees for a minimum of the equivalent of six terms of full-time registration (or 12 terms of part-time registration).

GRADUATE INCOME INFORMATION

The Faculty of Graduate Studies has changed the funding model for graduate students as of Fall 2016. Please visit <http://gradstudies.yorku.ca/graduate-funding-model> to learn more about graduate funding at York.

Full-time Physics and Astronomy (PHAS) students may receive a combination of:

- **York Masters/Doctoral Fellowships:** This component was introduced across the board in 2016 to offset tuition fees.
- **Teaching Assistantships:** PHAS graduate students normally engage in assigned teaching-related work (laboratory demonstration, marking, invigilation) up to one full TA, subject to availability. At York University, one full TA is 270 hours. The normal annual TA in Physics in Astronomy is 202.5 hours of teaching-related duties (75% of a full TA). Teaching Assistants are represented by CUPE 3903. Please familiarize yourself with the [CUPE 3903 Collective Agreement](#).
- **Research Assistantships:** PHAS graduate students in research degree programs (i.e., M.Sc. project, M.Sc. thesis or Ph.D.) typically receive financial support from their supervisors' research grants, the amount of which is subject to individual discussion between the student and supervisor. Other than participation in research activities, there is no formal duty associated with this support.
- **International Tuition Fee Scholarships:** While the ITFS program was terminated in 2014, existing international students already holding an International Tuition Fee Scholarship can expect to keep it for the duration of their degree program.

- **York University Graduate Scholarship (YGS):** The Graduate Program in Physics and Astronomy offers York Graduate Scholarships to incoming students. This award is usually only available to applicants with an A average and is not renewable.

External Scholarships: York University students may receive national scholarships from the Natural Sciences and Engineering Council of Canada (NSERC) valued at \$17,500-\$35,000 a year, or provincial scholarships, such as the Ontario Graduate Scholarship (OGS) and Queen Elizabeth II (QEII) scholarship, valued at \$15,000. These scholarships are awarded on a competitive basis. Students who satisfy the eligibility requirements are encouraged to apply for these scholarships, which are described in more detail below. For complete information on deadlines, procedures and eligibility requirements, please visit <http://gradstudies.yorku.ca/current-students/student-finances/funding-awards>

NSERC Scholarships

Natural Sciences and Engineering Research Council (NSERC) Graduate Scholarships are intended to provide financial support to excellent students who are working towards a Masters or Doctoral program in the natural sciences or engineering.

Applications are available online: http://www.nserc-crsng.gc.ca/Students-Etudiants/PG-CS/index_eng.asp. **Deadlines: Oct 9, 2019 for PhD (transcripts are due on Oct 2) and Dec 1, 2019 for MSc students.**

Eligibility to apply: Applicants must be Canadian citizens or permanent residents of Canada; intend to pursue in the following year full-time graduate studies and research at the Masters or Doctoral level in an eligible program in one of the areas of the natural sciences and engineering supported by NSERC; and have obtained a first-class average (a grade of "A-") in each of the last two completed years of study, regardless of the number of credits completed.

OGS

The Ontario Graduate Scholarship (OGS) program is designed to encourage excellence in studies at the Masters and Doctoral levels. An OGS is awarded for one academic year, which may consist of three consecutive terms. One-term awards are not granted.

OGS deadlines are synchronized with NSERC deadlines:

M.Sc. level: December 2, 2019

Ph.D. level: October 9, 2019 (transcript are due on Oct 2)

More information and the application forms are available at:
<http://gradstudies.yorku.ca/current-students/student-finances/funding-awards/ogs/>.

Please contact the Graduate Program Assistant for more information.

Other sources of funding that may be available:

- The Fieldwork Cost Fund defrays the costs of carrying out field-work.
- The CUPE 3903 Research Cost Fund defrays the out-of-pocket costs of carrying out research, for example, travel to sources of research, payment of subjects, supplies, services, photocopying, etc.
- The Graduate Development Fund defrays travel costs to present results at conferences.

Please visit

<http://gradstudies.yorku.ca/current-students/student-finances/funding-awards/>
or contact the Graduate Program Assistant for more information.

Benefits

- Teaching Assistants (members of CUPE 3903 unit 1) enjoy a number of health-related benefits (dental, prescription drug, and vision care).
 - York Benefits office expects all new TAs to enrol in the first month; otherwise your benefits will not be active. Benefit information can be found on the [CUPE websites](#).
- International students receive a bursary to cover the cost of the university health insurance plan (UHIP). Information about UHIP can be found at:
<http://yorkinternational.yorku.ca/uhip/>

GRADUATE COURSES

Every year the Department of Physics and Astronomy offers a selection of the graduate courses listed [here](#). The PHYS graduate courses offered in 2019-2020 are¹:

COURSE NO.	TITLE	PROFESSOR	DAYS	TIMES	ROOM	CAT. NO.
PHYS 5000 3.0 FALL	Quantum Mechanics 1	M. Johnson	M-W	10:30	306 Lumbers	A00Y01
PHYS 5020 3.0 WINTER	Electromagnetism	N. Bozorgnia	M-W-F	12:30	203 SC	U32U01
PHYS 5030 3.0 WINTER	Statistical Mechanics	t.b.a.	t.b.d.	t.b.d.	n/a (online)	
PHYS 5040 3.0 WINTER	Elementary Particle Physics	W. Taylor	M-W-F	11:30	3000 VH	Q62C01
PHYS 5050 3.0 WINTER	Atomic & Molecular Structure	T. Kirchner	M-W-F	13:30	306 Lumbers	V41S01
PHYS 5061 3.0 FALL	Experimental Techniques in Laser Physics	C. Storry	F F Wed. Thur	14:30 15:30 14:30 14:30	CB 120 CB 120 226 PSE 226 PSE	Q47T01
PHYS 5062 3.0 WINTER	Atom Trapping	M. George	R R Wed. Fri.	14:30 15:30 14:30 14:30	S202 Ross S202 Ross 226 PSE 226 PSE	J94F01
PHYS 5070A 3.0 FALL	Advanced Numerical Method	D. Liang	T – R	14:30	DB 0007	H73W01
PHYS 5070B 3.0 WINTER	Numerical Sol. To Differential Eq.	M. Haslam	T-R	11:30	CB 120	Z26N01
PHYS 5090 3.0 WINTER	Stars & Nebulae	A. Muzzin	M-W-F	14:30	CB-120	C62F01
PHYS 5100 3.0 WINTER	Solid State Physics	W.van Wijngaarden	M-W-F	10:30	CC-318	J15T01
PHYS 5120 3.0 WINTER	Fluid Dynamics	W. van Wijngaarden	t.b.a	t.b.a.	t.b.a.	M56W01
PHYS 5400 3.0 FALL	Physics Research	INDEPENDENT READING FALL			n/a	S94H01
PHYS 5400 3.0 WINTER	Physics Research	INDEPENDENT READING WINTER			n/a	M41Q01
PHYS 5490 3.0 FALL	Astronomical Research	INDEPENENT READING FALL			n/a	F45B01
PHYS 5490 3.0 WINTER	Astronomical Research	INDEPENDENT READING WINTER			n/a	V92J01
PHYS 5590 3.0 WINTER	Observational and Theoretical Cosmology	M. Johnson	t.b.a.	t.b.a.	n/a (online)	
PHYS 5802 3.0 WINTER	Cellular Electrodynamics	C. Bergevin	M-W-F	13:30	S202 ROSS	G75B01
PHYS 6207 1.0 WINTER	Theoretical Motivations of Dark Matter	N. Bozorgnia	t.b.a.	t.b.a.	t.b.a.	

Students have the option of taking a course in other science-related graduate programs, subject to approval by the GPD.

¹ This list is somewhat tentative (as of September 5, 2019) and will be finalized during the Fall term.

COURSE EVALUATIONS

Course evaluations are conducted by the Graduate Program Office each year for all of the Physics and Astronomy graduate courses offered.

GRADING OF GRADUATE COURSES

A+	90-100%	Exceptional
A	85-89%	Excellent
A-	80-84%	High
B+	75-79%	Highly Satisfactory
B	70-74%	Satisfactory
C	60-69%	Conditional
F	0-59%	Failure
I		Incomplete

Important information about graduate courses can be found [here](#). In particular, please note the FGS Academic Standing regulations:

Combinations of 'C' Grades Which Require Withdrawal Unless Continued Registration is Recommended and Approved

A student who received in total any of the following combinations of grades for graduate courses may not continue to be registered in the Faculty of Graduate Studies and in a graduate program unless this continuation is recommended by the graduate program director concerned and approved by the Dean:

- (a) two C grades for 6.00 credit courses;*
- (b) one C grade for a 6.00 credit course and one C grade for a 3.0 credit (or equivalent) course;*
- (c) a total of three C grades for 3.0 credit (or equivalent) courses.*

In no cases will grades be averaged.

Combination of 'F' and 'C' Grades Which Require Withdrawal

A student will be required to withdraw from a graduate program and registration in the Faculty of Graduate Studies will be terminated if the student receives in total for graduate courses, during enrolment at York University:

(a) one F grade for a 6.00 credit course or two F grades for 3.0 credit (or equivalent) courses; or

(b) one F grade for a 3.0 credit (or equivalent) course and one C grade for a 6.00 credit or 3.0 credit (or equivalent) course.

In no case will grades be averaged.

DEGREE REQUIREMENTS

MASTER OF SCIENCE PROGRAM

There are three routes by which a student may achieve an M.Sc. degree in Physics and Astronomy: by research thesis, research project or by coursework. For more information about the requirements for each M.Sc. degree, please visit <http://www.physics.yorku.ca/msc-degree/>.

DOCTOR OF PHILOSOPHY PROGRAM

The requirements of the Ph.D. program are described [here](#).

ANNUAL RESEARCH EVALUATION

The M.Sc. project, M.Sc. thesis and Ph.D. supervisory committee must meet with the student at least once a year to assess the student's progress in the program, and to provide advice on future work. Please review the [Annual Research Evaluation Procedures](#). The student should print a copy of the [Annual Research Evaluation Form](#) and bring it to the committee meeting.

THE PROCESS FOR APPROVAL OF AN M.SC. THESIS/PH.D. DISSERTATION

Congratulations! You have finished your research and documented it in an M.Sc. thesis/Ph.D. dissertation. This is the timetable to be followed for the completion of your degree requirements. It takes at least six/seven weeks from possession of a "final" copy of the thesis/dissertation to completion of the examination process.

WHEN (M.SC./PH.D.)	WHAT	WHO
At least three months/six months before the oral exam	Submits thesis/dissertation proposal to Graduate Program Office.	Student
Six weeks/seven weeks	Submits a soft or hard copy (as required)	Student

before the oral exam	of the thesis/dissertation to all Supervisory Committee members for review.	
At least six/seven weeks before the oral exam	Forms Examining Committee. Submits information to the Graduate Program Office.	Supervisor
	Schedules the public lecture and oral exam and completes Recommendation for Oral forms.	Graduate Office
Four weeks/five weeks before the oral exam	Signs off on thesis/dissertation as Examinable.	Supervisory Committee
Four weeks/five weeks before the oral exam	Receives edited thesis/dissertation from Supervisory Committee.	Student
At least 15/20 business days before the oral exam	Submits a soft or hard copy (as required) of corrected thesis/dissertation to all Examining Committee members for review.	Student/ Graduate Office ²
	Completes Oral Exam forms.	Student
Final oral exam	Presents public lecture and oral defence.	Student
Anytime after oral exam	Submits corrected copy of thesis/dissertation with required forms to FGS.	Student

Project M.Sc. students have to submit a project report to their supervisory committee at least two weeks prior to the intended completion date. A hard copy of the report and the completed project M.Sc. form must be submitted to the Graduate Office by the intended completion date.

GRADUATE RESOURCES

PHYSICS AND ASTRONOMY COLLOQUIUM

On most Tuesdays during the academic year at 2:30 pm, the Physics and Astronomy Colloquium is held in 317 PSE. These colloquia offer an outstanding roster of speakers who provide an expert view of research advances in the various fields of Physics and Astronomy. The lecturers are requested to aim their presentation to Physics and Astronomy graduate students and senior undergraduate students. **Regular attendance at these colloquia is highly recommended as part of all students' education.** Coffee and cookies are served in 317A PSE before or after the colloquium. If, in the course of your activities, you hear someone and think "they would be really good as a colloquium speaker", then let the Colloquium Chairs (J. Zylberberg,

² The student supplies all Examining Committee members with the thesis/dissertation with one **exception**: Since a PhD candidate is not supposed to communicate with the external examiner before the defence, the Graduate Program Office submits the dissertation to the external.

x33603, joelzy@yorku.ca, A. Muzzin, x33175, muzzin@yorku.ca) know so they can be invited.

LIBRARIES

There are five main libraries at York: Steacie Science and Engineering Library, Scott Library (social sciences and humanities), Peter F. Broffman, Leslie Frost Library and Law Library. The Steacie Science Library subscribes to significant physics, astronomy, biophysics, materials science, engineering and chemical physics journals and provides electronic access to most of these. It also holds extensive collections of back issues (and books!). Information about library services and training can be found on the [library website](#). Graduate students may apply for extended loan privileges by submitting a signed letter from the department that they are currently working on a Masters or Doctoral thesis.

WRITING

The Writing Centre offers sessions and workshops in all aspects of writing. Sessions such as individual tutoring, drop-in-tutoring and group workshops are available to all students in the Faculty of Graduate Studies. The Centre is located in Ross South 311. See its [website](#) for more information.

ENGLISH AS A SECOND LANGUAGE CENTRE

The English as a Second Language Open Learning Centre (ESL-OLC) is open to all York students and offers support for ESL students. It is located in Ross South 311. For more information or to register, go to <http://www.yorku.ca/eslolc/>.
